SCORE Jack Aids

Now every man can have the confidence
that comes with packing a HUGE cock!

HOW IT WORKS

- This is not a penis pump. This is not a sex toy. The Bathmate uses hydraulic pressure to expand the blood vessels and tissue in the penis. With a thorough regimen of daily use, results gained will continue to develop.
- Water creates a far more powerful vacuum than air, which in turn leads to greater power to increase penis size and to exercise the penis. Warm water develops blood flow while cushioning and lubricating the penis as it expands to fill the tube.
- Temporary gains in length, girth, erectile strength and stamina will occur after first use. These results may range from 0.25" to 1.00" in girth. Length will vary with participant, but all gains improve with time.

The cutest girls with the tightest cunnies deserve the biggest cocks and mountains of man-honey. And that's what these six tiny teens are going to get! These six sex-starved girls are eager to suck and eager to fuck and taste spunk for the first time. Their freshly popped cherries can barely handle our studs' mega-sized cocks, but that won't stop them from taking every inch of a man's massive member into their pink cunnies. Filled with facials, creampie's, flatties, Asians, blondes, and brunettes, this DVD is a true must-jack!
